

**REMARKS**

Applicants have added new claims 42-63 simply to reorganize the content of cancelled claims 17-41. Therefore, the new claims are fully supported by the specification and do not add new matter to the application. Support for the synthetic mixtures of claims 42-50 and for the methods of claims 51-63 may be found, for example, in Tables 7-10 on pages 30-33 and on page 37 in paragraph 101 of the specification. Further support for the methods of claims 51-63 may be found on pages 13-14.
